Yes, the time on your examination will continue and you may not return to previously viewed items.

Yes, the time on your examination will continue and you may not return to previously viewed items.

EQUIPMENT NEEDED

None - computer provided at test center

Candidate provides their own laptop or desktop computer to take exam. The computer must have a webcam, a microphone, and secure, reliable internet

TESTING SPACE NEEDED

None - testing space provided at test center

Must be indoors, well lit, free from background noise and disruptions. No third party may be present, no animals, and workstation must be clear of materials except computer /monitor.

CHECK-IN PROCEDURE

Candidates must show their current government-issued photo ID, walk through a metal detector or be wanded by staff and roll up sleeves and turn out pockets for a visual inspection

Prior to check-in, the candidate's equipment needs to pass a compatibility check. During check-in candidates must show their current government-issued photo ID, perform a 360-degree scan of the room using a camera, and roll up sleeves and turn out pockets for a visual inspection.

MONITORING

Proctors monitor candidates through video and physical walkthroughs in the testing room.

Remote proctors monitor candidates through video and audio, as well as ProProctor security software.

CANDIDATE EXPERIENCE

Travel stress, rigid slots

Familiar device, fewer logistics, lower anxiety for many test-takers, issues with work computers related to security protocols, outside interruptions can cause test nullification

EXAM MONITORING STYLE

One proctor per ~25 candidates

Live proctoring ~individual proctor
